Answer

(a) to (c) There are over 40 skill development schemes across various sectors being implemented by Central Ministries/ Departments. Most of these schemes have special provisions to promote the participation in skill development programmes by all socio-economic groups, including women. In addition, in all Government and Private ITIs, 30% of all the seats for the courses are reserved for women candidates. The data on allocation of funds under these schemes, State-wise and scheme-wise is not maintained centrally.
